

Natural, Gentle, Effective

A single 30ml serving of UTI-Stat™ with PROANTINOX™ provides as much protection from urinary tract infections as 16 eight ounce glasses of cranberry juice cocktail or 544 pounds of cranberries.

UTI-Stat™ is a natural urinary tract cleansing complex containing PROANTINOX™ - a proprietary blend of concentrated cranberry proanthocyanidins, ascorbic acid, D-Mannose, FOS and Bromelain - to inhibit adhesion of infection causing E-coli bacteria to urinary tract walls, increase urinary acidity to create a less tolerable environment for E. Coli, and stimulate the growth of probiotic bacteria in the small and large intestines.

UTI-Stat™ has been shown effective in reducing symptomatic UTI, including urgency and frequency of urination, when used in conjunction with hydration and a hygiene program.

Each one ounce (30 ml) serving of UTI-Stat™ with PROANTINOX™ provides as much cranberry proanthocyanidins as 16 glasses of cranberry juice cocktail or 544 pounds of cranberries to support urinary tract health and helps prevent recurrence of infection.

UTI-Stat™ Features and Benefits

- Natural, gentle, effective
- Aids in reducing symptomatic UTIs including urgency and frequency of urination when used in conjunction with hydration and a hygiene program.
- Helps reduce adhesion of infection causing bacteria
- Contains FOS to stimulate the growth of Bifidobacteria and reduce the number of E-coli
