

Wings™

Quilted Overnight Adult Briefs

Maximum Absorbency

- For Heavy Wetters or Overnight Use

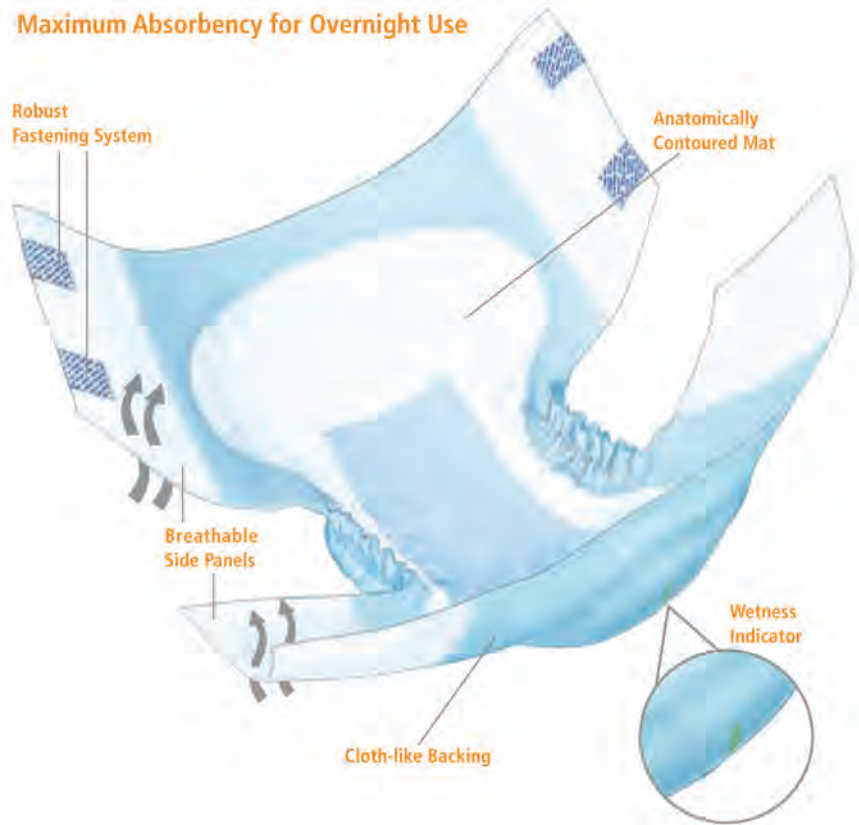

Robust Fastening System

- **Refastenable**
Easy checks/adjustments
- **Strong Hold**
Resists pop-offs
- **Two Over-sized Hook Tabs Per Side**
Attach anywhere to the front of the brief
- **Not Impacted by Skin Care Products**
Retains fastenability, even after contact with creams, lotions and powders
- **No Adhesive to Contact Skin**
Tabs have no exposed adhesive, minimizing potential for blistering or other irritation

To remain in compliance with F315 guidelines, there must be proper documentation supporting the resident's/patient's choice to forgo checks and changes during their sleeping hours. Covidien recommends developing an individualized care plan for any resident/patient who chooses to not be disturbed during the night.

Rest assured with the knowledge that the Wings Quilted Overnight Adult Brief offers maximum absorbency while providing comfort and dignity. Our new Quilted Overnight Adult Brief is absorbent enough to handle the needs of heavy wetters and can also be used as an overnight brief. Now, nighttime incontinence care and restful sleep can be compatible.

Maximum Absorbency for Overnight Use
