

THE ONLY **FALL ALARM SENSOR** THAT...
...works with the lightest patient!
...works with any air mattress!

NEW!

Revolutionary Proximity Sensor from AliMed

The ONLY Sensor that:

- ✓ Senses your lightest patients
- ✓ Provides earlier fall warning than traditional pressure sensor pads
- ✓ Works on all air mattresses
- ✓ Upgrades your existing alarms

*It's early warning!
Place proximity sensor under
patient's shoulders for earlier
response to patient rising.*

**Proximity
Sensor**

*It's early warning!
Proximity Sensor detects
patient movement
before they rise.*

**Proximity
Sensor**

Fold it... spindle it... puncture it... cut it... It still works!
